

Beverages

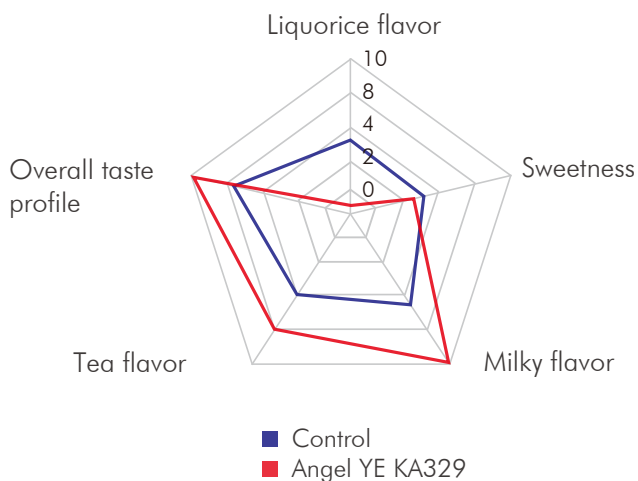

- Mask the liquorice flavor and cooling sensation brought by stevioside.
- Add creaminess and aroma. Modify the overall taste profile.
- 100% water-soluble.
- Natural. Clean label. Vegan.

Recipe

Milk tea

Ingredients	Control (%)	With YE (%)
Water	82.98	82.95
Black tea	3	3
Creamer	10	10
Sugar	4	4
Stevioside	0.02	0.02
Angel YE KA329	/	0.03

Compared to the control group, Angel YE KA329 can effectively mask and modulate the lingering aftertaste (liquorice flavor) given by stevioside. The end product presents rich milky and tea flavor while giving a full-bodied mouthfeel.

Dosage:

0.01%-0.03%

Recommended YE:

[Hou-feel/Mouthfeel YE] KA327, KA329

PREPARATION

- 1 Boil the water. Add black tea. Wait 3 to 5 minutes for the tea to brew.
- 2 Strain out the tea leaves.
- 3 Mix all ingredients together. Fully stir.
