Recipe

Orange juice

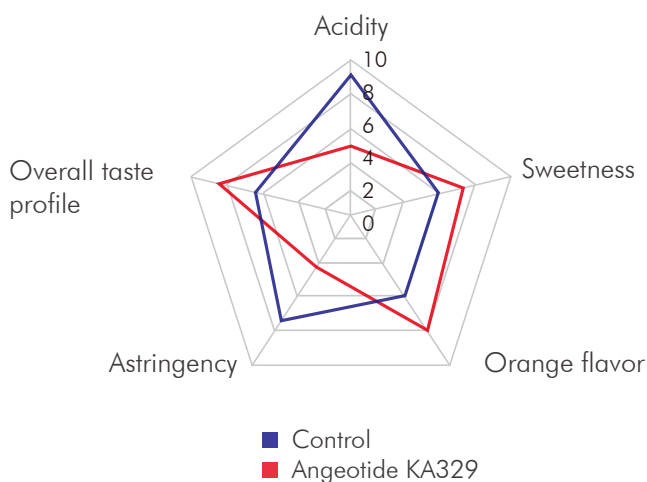

Ingredients	Control (%)	With YE (%)
Orange juice	100	99.97
Angeotide KA329	/	0.03
Total	100	100

Recommended products:

[Angeotide] KA327, KA329

Dosage:

0.01%-0.03%

Compared to the control group, the acidity and astringency brought by citrus juices have been effectively neutralized. The end product presents a richer, sweeter and well-balanced taste profile.
